Upcoming Open Houses - West LRT Landscaping

Through 2012 and 2013, the West LRT construction zone will be landscaped back as close as possible to its original look. More than 1,700 trees and other plantings will revitalize the construction zone along Bow Trail, 17 Avenue S.W. and Sarcee Trail.

Through fall 2011, the West LRT project team began meeting with community representatives to review landscaping concepts. Two public open houses are scheduled for January 25 and 26 where members of the public will have the opportunity to see and comment on the proposed landscaping design. The same information and display boards will be on display at both open houses:

Open House #1:

- January 25
- 5:30-8:30 p.m.
- Rosscarrock Community Association (4411 - 10 Avenue S.W.)

Open House #2:

- January 26
- 5:30-8:30 p.m.
- Strathcona Community Association (277 Strathcona Drive S.W.)

City staff and the landscape design team will be in attendance to answer your questions.

West LRT on You Tube

The three "How We Build the West LRT" videos are now posted on You Tube. You can get a step-by-step look at how crews built the LRT elevated guideway, as well as the LRT tunnels and the track. These four minute videos highlight the unique and some of the more visual pieces of the West LRT project. Check them out at the following links:

- [How We Build the West LRT: Elevated guideway construction](#)
- [How We Build the West LRT: Tunnel construction](#)
- [How We Build the West LRT: Track construction](#)
